Did the Mail Order House Ever Do This?

DID you ever hear of a Mail Order House setting up a stove in a customer's home?

DO you know that it is often a matter of weeks before the Mail Order House makes delivery?

DO you know that the mail order stove, often arrives in a broken condition, thus necessitating much red tape with railway officials and a great loss of time—often when the stove is most needed DO you have a look at a mail order stove before you buy it?

IF THE mail order stove becomes rusted or badly marked before you receive it who blames it?

DO you see a mail order stove before you send your money?

IF THE mail order stove proves defective, who do you have to appeal to?—A mail order house hundreds of miles away.

WHO UNCRATES and unpacks the mail order stove, puts the parts together, fits the joints and tests the stove to see if it is in perfect working condition?

WHAT DO you do when you want repairs for a mail order stove?

CAN a mail order house render on-the-spot service?

WHO FITS the pipes for the mail order stove?

DOES THE mail order house haul the stove from the station, sign for the stove in good condition, unpack it, mount it and see that it is free from defects before it is delivered to you?

DOES THE mail order house help to build up your community?

DOES THE mail order house contribute to the support of local schools, churches and public institutions?

DOES THE mail order house employ any of your fellow townsmen and thus enable them to support their families?

DOES THE mail order house buy anything from the other merchants of the town?

IF YOU want to buy a stove ask yourself the above questions and then come down to our store and let us talk it over with you.

COMMUNICATION

(We do not necessarily endorse the sentiments advanced by this or any other correspondent under this heading.—Ed.)

To the Editor of The Times:

Dear Sir: Will you extend the privilege of your columns that I may enlighten myself on the city by-laws.

The other day, I drove, going east, up to the Empress Theatre on the north side of the street. The policeman told me that I should look to the other side of the street, for that was where the rigs were, and that was where I belonged.

Did he mean that I should stop on the north side of the street, or did he mean that my horse was facing the wrong way? A friend of mine a short time ago, drove west, up to Wallace's hardware store on the north side of the street. I have heard that the policeman told her that she was on the wrong side of the street.

Now, supposing that, in my case, the policeman told me the wrong way, the same cannot be said in the case of my friend.

What I wish to know is, is it unlawful to stand with a rig on a certain side of the street or is it that one must have the horse facing in a certain direction?

We are peaceful, law-abiding, sober citizens, my friend and I. We are both ladies to boot. We delight to trade in Wetaskiwin. It is the joy of our lives, and we are "up a tree." We do not know exactly how, or in what manner we should drive, or, shall I say, stand, on Wetaskiwin streets. Beware me, this a sorry plight.

Which is the prescribed side—north, south, east or west? How will the chivalrous males of Wetaskiwin relish the sight of ladies learning wash-bolers and legs of mutton being swept to destruction by the latest Ford in their attempts at crossing the street? For you see, we must cross the street. We are between the devil and the deep sea.

Only one side is to be used. Am I right or wrong? If it is true that one side only is for use why not put up notices "To be used only on this side." Would it be any improvement to make streets with only one side?

The next time I or my friend is in need of a back seat must we send to a certain down east departmental store for the simple reason that we do not know the etiquette of driving the hay-rack down Prince St.?

Aravmt the ideal Get thee behind me, Satan. Loyalty to our home town. Please enlighten our doubts. We are seers after, crub. "What is truth," said Jesus Christ. We mean in regard to standing on the road with a rig.

(Next week space will be allowed the policeman referred to above to explain the regulations governing the right of way of the street.—Ed.)

CAMROSE

(From The Canadian)

Percy, the 9-year old son of Mr. and Mrs. L. E. Martin, taken seriously ill on Monday evening. He is now reported as well on the road to recovery.

The first shooting accident of the season occurred last Sunday when John, the 12-year old son of Mr. and Mrs. George Bruce, of the Salt Lake district, was brought to the hospital with the index finger of his right hand shot off. The accident happened while the young lad was hunting and as a result of his carelessness, will be minus half of the finger for the balance of his life.

The election of officers was the principal item of business to come before the annual meeting of the Camrose Curling Club last evening. The choice for president fell on F. F. Layton and Dr. Stewart was elected secretary treasurer. John Douglas was elected first vice president and D. Sutherland was elected second vice. The executive committee is composed of Alex. Pike, D. Sampson, R. L. Rushton, Geo. Wells and Alf Price. H. A. Letch appointed auditor and Geo. P. Smith, M.P.P., chosen patron. Rev. Mr. Jones chaplain.

The method on church union between the Methodist and Presbyterian churches in Camrose has not resulted favorably to union. Only a small percentage of the ballots were against union but the feeling was that nothing should be done unless the vote was practically unanimous. The financial proposals were without doubt the chief obstacle. Apart from this there is not the least doubt that the vote would have been sufficiently unanimous to warrant action. When the existing debts of the two churches are tallied the sum looks doubly formidable, and when to this is added a proposed expenditure of \$2,000 for enlarging one of the churches the grand total did not look enticing to some who are otherwise favorable to union. At present it costs about \$4,000 annually to take care of the current expenses of the two churches. Union should result in a saving of not less than \$1,000 a year.

Mr. Justice Hyndman at Lethbridge suspended sentence on a man found guilty of horse-stealing on condition that he should go to the front. What the matter with him. Is a penitentiary regiment? There's lots of good soldiering material in these "institutions," men who would be only too glad of the chance to wipe out on the list of cattle the stigma attached to their names—Edmonton Journal.

Lethbridge and Medicine Hat have been trying to make a record for the biggest potato. A Lethbridge man grew a potato that weighed 2 1/2 lbs., and a challenge was made to Medicine Hat to try to beat it. If they could, whereupon a Medicine Hat man took to the Board of Trade room a potato weighing three pounds and fifteen ounces, with the boast that he has many more of equal size.

NO ALUM

"A LIFE FOR A LIFE."

One of the unusual things in connection with the administration of justice in Alberta has occurred. A woman has been sentenced to be hanged. She is Mrs. Jennie Hawkes who was charged with the murder of a woman, with whom she declared her husband was intimate, and the sentence of the court is that she must pay the penalty at Lethbridge on December 29. Without questioning the decision of the judge, it can be safely predicted that his sentence will again rise in the public mind the doubt as to the desirability of capital punishment, and particularly in relation to a case where the evidence apparently has shown there was a same provocation, if the taking of a human life can be justified on a very such ground. There is no doubt, especially among the women who claim some protection for the wife in her own home in just such cases as this, there will be a multitude who will not be convinced that the ends of justice are being served in this particular instance.—News-Telegram.

By request of the G.T.P. for their exhibit at San Francisco fair, the Edmonton Cold Storage Co. will forward to the exhibition one of the cheeses manufactured at the Pileville factory, and now in storage with the Edmonton Cold Storage Co. This cheese, which has been in storage at the Edmonton plant for some time, for seasoning purposes and is now ready for shipment, will give the visitors to their a good idea of the excellence of the cheese manufactured in Alberta. This is quite an honor for the Pileville district and is an indication that the cheese is rapidly coming to the front as one of the best products in that line manufactured in Canada, which is looked upon by the world's market as the best cheese producing country.—Bulletin.

The tragic death of Mr. W. L. Gordon on Monday evening last will be read with regret by his many friends in High River and Vulcan district where he has lived for the past three years. He was returning to his home from Vulcan and it was presumed that a tin of kerosene was leaking and bespattered his trousers and when he attempted to light his pipe his clothing immediately took fire. The horses then ran away and Mr. Gordon was thrown from the wagon and when found was horribly burned.—High River Times.

A. M. Lowrie, of the Tofted district, the self-confessed cattle thief and forger, was sentenced on Saturday to five years on each of four charges, the sentences to run consecutively. Severn was the party who was charged with being a party to the cattle stealing, was acquitted.

Troubled With Boils.
HAD NINE ON HIS ARMS AT ONCE.**

**Burdock Blood Bitters
CURED HIM.**

Boils are caused by bad blood, and unless the blood is made pure you cannot expect to get rid of them. I suffered from this trouble for years and before the second one was finished I did not have a boil, nor have I had one since. I cannot recommend it high enough. Burdock Blood Bitters is manufactured by The T. Milburn Co., Limited, Toronto, Ont.
